

in-depth razor cutting

Philosophy

Spending more time on one subject is the key to growth. Go In Depth and spend two days focusing your learning. Review the essentials, followed by intense hands on workshops with a variety of live models, allowing you to master your new knowledge.

Class features: Instructor Demonstration, Mannequin and Live Model Workshops

Begin with the essential skills needed to master the straight edge razor. You will learn proper care and handling, as well as how to craft fundamental shapes with a defused wearable edge. Go In Depth to understand the full potential of the razor in theory and application, and also how it differs from the scissor. Learn how to use the razor to craft cuts short to long and create unique movement personalized to the wearer.
